Right To Play

Right To Play is a Canada-based athlete-driven humanitarian organization committed to improving the lives of children in the most disadvantaged areas of the world through the power of sport. By providing children with the opportunity and tools to engage in regular sport and play, Right To Play enhances their physical and social development and helps foster safer and stronger communities in 23 countries across Africa, Asia and the Middle East.

Right To Play offers elementary teachers — grades 4-6 — a free, curriculum-based teachers' kit packed with ideas for creative play and activities featuring an exploration of the lives of children around the world, the countries they live in and a study of our rights and responsibilities in the world community.

Created in partnership with Silken Laumann's Active Kids Movement, **Right To Play's** Canadian school program — **Learning To Play, Playing To Learn** — promotes educational play and awareness of global issues among Canada's schoolchildren. **Available in English and French**, well over 5,000 **Playbook** kits are now being used in classrooms across the country.
